Education

B.Tech in Artificial Intelligence and Machine Learning	2024 – 2028
Gokaraju Rangaraju Institute of Engineering and Technology, Hyderabad	CGPA: 9.49 / 10
Intermediate (MPC)	2022 – 2024
TSWREIS	Marks: 976/1000

Summary

Software Engineering undergraduate pursuing B.Tech in Artificial Intelligence and Machine Learning at GRIET. Strong foundation in Data Structures and Algorithms, Object-Oriented Programming, Java, Python, SQL, and full-stack web development. Built scalable MERN applications using REST APIs, JWT authentication, and MongoDB. Passionate about solving real-world engineering problems and eager to contribute to Microsoft's engineering teams.

Skills

Languages: Java, Python, C, SQL

Computer Science: Data Structures and Algorithms, Object Oriented Programming, Operating Systems, Database Management Systems

Web and Backend: HTML, CSS, JavaScript, React, Node.js, Express.js, MongoDB, REST APIs

Tools: Git, GitHub, Postman, Visual Studio Code, pgAdmin

Professional Skills: Team Collaboration, Communication Skills, Time Management, Analytical Thinking

Projects

Urban Gardening Planner

- Built a full-stack MERN application enabling personalized garden planning for multiple users.
- Designed and integrated secure JWT authentication and REST APIs for user and garden management.
- Implemented seasonal recommendation logic and drag-and-drop UI to improve usability.
- Integrated MongoDB for scalable data persistence and automated email notification services.

Lost Item Recovery Hub

- Built a full-stack Lost and Found platform using React, Node.js, Express.js and MongoDB.
- Developed REST APIs for item reporting, authentication and messaging.
- Designed intelligent search logic based on category, type and reporting date.
- Implemented secure authentication and anonymous real-time communication.

Achievements

- Currently maintaining a CGPA of 9.49/10 in B.Tech (Artificial Intelligence and Machine Learning).
- Solved 420+ Data Structures and Algorithms problems across LeetCode, Smart Interviews, and HackerRank.

Certifications

- Google for Developers AI-ML Virtual Internship
- Java Programming – NPTEL
- Python Programming – Infosys Springboard
- Data Structures and Algorithms – Udemy
- HackerRank Skill Certifications (Python, Java, SQL)
- SQL Certification – Newton School
- C Essentials – Cisco Networking Academy
